NIKOLAY NEOFIDOV, MD

E-mail: neofidn@ccf.org, neofidov@gmail.com
9500 Euclid Ave/U10, Cleveland, OH 44195

EDUCATION

Mellen Center, Cleveland clinic, Cleveland, Ohio, United States of America
07/2026 – present
- Neuroimmunology fellowship

University of Louisville, Louisville, Kentucky, United States of America
07/2022 – 06/2026
Department of Neurology
- Neurology residency

Pavlov First SPb State Medical University, Saint Petersburg, Russian Federation
09/2015 - 08/2017
Department of Neurology
- Neurology residency

Rostov State Medical University, Rostov-on-Don, Russian Federation
09/2009 - 08/2015
- MD
- Magna cum Laude

AWARDS

---

1. Finalist of the third national Russian student Olympiad in neurology "Future neurologists of the 21st century".

2. 2nd place award in the Student Olympiad in Internal Medicine of the Rostov State Medical University.

3. 1st place award in the student Olympiad in emergency medicine "First Aid" of the Rostov State Medical University.

4. 3rd place award for oral presentation at the 67th Final Scientific Conference of Young Scientists of Rostov State Medical University.

5. Personal scholarship from Center-Invest Bank and the Board of Trustees of the Endowment Fund Education and Science of the Southern Federal District of Russia for high academic performance at the Rostov State Medical University, scientific activity, and active participation in the life of the university.

6. UofL Dept. of Neurology 2022-2023 Chief resident PGY-1 Clinical advancement award.

WORK EXPERIENCE

08/2021 - 08/2021

Private practice, Metropolitan Medical Center, Washington, DC, United States of America

Visiting Physician - Neurology hands-on externship

- interviewing patients;
- physical examination, including a complete neurological examination; - detailed analysis and discussion of patient cases with attending physician; - preparation and presentation of a scientific report based on a clinical case.

10/2020 - 01/2022

Medicine Association of MS Centers, Saint Petersburg, Russian Federation

Clinical research protocol writer

- writing protocols for post-marketing clinical trials in multiple sclerosis in Russia; - training of staff of research sites in the requirements of the research protocols.

09/2019 - 01/2022

JSC "Agency of Medical Technologies", Moscow, Russian Federation

Consulting analyst

- leader of a team that creates infographics on diagnosis, treatment, and life with multiple sclerosis for patients (Aim2Me.net);
- prepared technical descriptions for the innovative electronic information medical system, including an electronic patient's office (Aim2Me.net), an electronic physician's office (Aim2Me.pro), and a medical database.

10/2017 - 05/2022

SPb Centre of Multiple sclerosis and AID, Saint Petersburg, Russian Federation

Attending Neurologist

- treating patients with multiple sclerosis and other demyelinating diseases;
- performing differential diagnosis and expert confirmation of multiple sclerosis;
- performing consultations for patients with multiple sclerosis from other regions of Russia;
- performing consultations in Saint Petersburg hospitals with suspected demyelinating diseases;
- training of neurology residents;

- training of physicians specializing in multiple sclerosis from other cities and regions of Russia;
- organizing clinical case presentations and discussions for medical students.

09/2017 - 02/2018
Pavlov First SPb State Medical University, Saint Petersburg, Russian Federation
Attending Neurologist
- performed consultations in various departments of the University Hospital;
- conducted rounds with medical residents;
- performed ED consultations for acute stroke and other urgent neurological conditions.

09/2014 - 08/2015
Rostov State Medical University, Rostov-on-Don, Russian Federation
Member of the Council of the Society of Young Scientists
- leadership of members of the society;
- organization of university scientific events and conferences; - methodological support of students in scientific work.

RESEARCH EXPERIENCE

08/2018 - 05/2022
National center for socially significant diseases, Russian Federation
Co-investigator
- conducting the procedures required by the research protocol of phase III multicenter, randomized double blind, placebo controlled trials;
- entering medical data into electronic case report forms (eCRF);
- performing analysis of data and publication of analysis results (member of the research group that published the results of evaluating the efficacy and safety of Siponimod in the Russian population of patients with secondary progressive multiple sclerosis).

10/2017 – 05/2022
SPb Centre of Multiple sclerosis and AID, Russian Federation Scientific
Researcher
- conducted validation of the Brief International Cognitive Assessment for Multiple Sclerosis (BICAMS) scale for patients with multiple sclerosis in Russia (was in charge of study design, data gathering, and analysis);
- conducted research dedicated to the effectiveness and safety of Natalizumab in real clinical practice in Russia (was in charge of study design and data gathering);

- conducted research dedicated to the assessment of comorbidity in patients with multiple sclerosis in Russia with validation and use of self-questionnaires (was in charge of study design, data gathering, and analysis);
- participation in weekly meetings on research conducted at the multiple sclerosis center (discussion of design and publication of results);
- the lead researcher of the group for validation in Russia of the electronic version of the Expanded Disability Status Scale for use in the national electronic platform for multiple sclerosis for doctors and patients (Aim2me.pro).

VOLUNTEER EXPERIENCE

10/2014 - 05/2015
Ministry of Health of the Rostov Region, Rostov-on-Don, Russian Federation
Student volunteer

- campaigned for a healthy lifestyle for the population of Rostov-on-Don in a specially organized point on the street;
- carried out a minimal examination (measurement of blood pressure, blood sugar, auscultation of the lungs, general examination) of city residents in a specially organized point on the street;
- explained to the residents of the city the harm of drinking, smoking, drug use, and unprotected sex.
